Sullington Old Rectory, West Sussex

Masterplanning, planting plans and project management of the landscaping and planting works for a new country garden. The garden was featured in House & Garden in 2012.

### Holy Rood House, Hampshire 2010-2015

Masterplanning, planting plans and project management of the landscaping and planting works around a newly built country house. Project completed in March 2014. Ongoing works in 2015. Semi-mature trees, hedging and topiary also sourced and supplied by Jane Brown Associates Ltd

### Holy Rood House, Hampshire

Masterplanning, planting plans and project management of the landscaping and planting works around a newly built country house. Project completed in March 2014. On-going associated works in 2015.

### Holy Rood House, Hampshire

The landscape scheme included a new driveway and rear courtyard with garages framed by the planting of a semi-mature *Quercus phellos* (above) sourced from Hilliers Nursery.

### Nyetimber Vineyard, Pulborough, West Sussex

Masterplanning, planting plans and plant sourcing for the new 9 acre gardens and grounds around the Manor House & Estate buildings. Works included planting an avenue of semi-mature trees to the main drive and mature trees within the gardens (top and bottom left), planting mature topiary to the courtyards and the sourcing of sculpture & benches (top & bottom right) and the creation of woodland walks around two lakes.

### Garden in Seaview on the Isle of Wight

A new garden was created to compliment the newly renovated holiday retreat. Work included a new driveway, a yorkstone terrace with green oak pergola and fireplace for entertaining surrounded by rich borders and lawns.
